What People Are Saying

Best of Both!

"JollyPop is the best of both worlds between the Soothie and GumDrop. Softer feel while fitting baby's mouth better so he keeps it in longer."

Miranda; Sevierville, TN

Fits Oxygen Cannulas

"The shape of the JollyPop is great! My son was born at 25 weeks and is currently on oxygen. The shape of the JollyPop allows his cannula to fit."

Noelle; Valders, WI

Love the Loop Handle

"The loop-shaped handle makes it easier to put in baby's mouth. And it's so convenient to loop on my finger while I care for my baby."

Kristie; Escanaba, MI

Nursing Babies Love It

"The only pacifier we used. All three of my babies loved Jollypop & were strong, efficient, healthy, nursing babies from day 1."

Rhys, RN; Norwell MA

The Latest Innovation in Pacifiers

Safer, More Comfortable & Lighter Weight

- Safe 100% silicone - made in USA
- Even softer & lighter than Soothie
- Comfortable-curved shape fits baby's face
- Lowest profile – fits all CPAP, nasal cannulas and side lying, without cutting down

Cutting down pacifiers violates product safety requirements and presents a risk of injury and infection to caregivers and babies.

*Natural nipple shape babies love,
same as hospital baby bottles,
Soothie & GumDrop*

*Pink, Blue & Teal for
the NICU & Nursery*

*Easy-to-hold loop-
shaped handle*

Unique manufacturing process combines soft and firm 100% silicone with the low profile & curved shape babies love.

- Two grades of silicone combine to meet CPSC** safety standards
- One-piece construction – adheres to American Academy of Pediatrics Guidelines
